

## Tractor Cruise Information

### Sunday July 30 at Noon

The 2023 Tractor Cruise has a new starting zone this year. Due to construction, we will be moving our starting point to 122<sup>nd</sup> street just west of the Winkler addition. Tractor will be parked on the South side of the gravel road ready to head east through the Winkler development and proceeding down 284 and then the “Historic area” through Cologne and ending at City Square Park.

The Tractor Cruise is for Tractors only. No side by side’s or other vehicles unless approved. There is also a Porta Potty at the park available.

Trailer parking is available by the Winkler Park parking lot or on nearby streets. Please be respectful of neighborhood driveways etc.

Registration will start any time after 10:30 and be at the beginning of the route by the gravel road. Please stop in to grab your Tractor tag and sign our waiver.

The cruise will start at noon. **All Tractors must stay on the route.** We will have vehicles to assist any tractors that may break down or need assistance throughout the route.

We will have the safety crew Flagger at intersections. We will not be closing any roads. Please follow safety crews directions. Tractors will need to merge with traffic on 284 with the assistance of the safety crew.

**Tractors must obey all traffic rules, signs and right aways.**

### City Square Park parking & Show information

Last year we had over 100 tractors!!! So, we need to work together parking them all around the park. Please follow the flagging crew instructions when you get up to the park. If you need to be able to leave early (before 2 ish) a good idea is to park on a nearby side street. Only Tractors parked around City Square Park will be entered in the judging categories. 1<sup>st</sup>, 2<sup>nd</sup>, 3<sup>rd</sup>, and crowd favorite will be awarded. We will also have a Family Legacy award handed out for most generations participating this year.

When parking tractors up at the park Tractors will be backed in and up to the curb. Please make sure your parking brakes are secure. Safety is our main concern with the park on a hill. Please do what you need to do to make your tractor secure.

Please do not allow any children to climb on, play around or sit on the tractors.
